

### Let's color the world!

We are GNT, an ambitious and innovative family-run business with a colorful character! With our EXBERRY® brand, we are the market leader in the field of Coloring Foods. Our colorings are 100% natural and are made from fruits, vegetables and plants.

We are world champions when it comes to utilizing the bounty of nature and strive to continuously innovate and improve natural color ingredients for the consumer. By carefully preserving all of nature's beauty and goodness, we are able to offer our clients the highest quality and most reliable products. This is what continues to motivate us every day!

The most important ingredients for GNT's success are our employees and the cooperation that exists between them. We believe in teamwork, and we are there for one another, our clients, our suppliers and our partners. That is what makes us GNT.

Due to the growth of the GNT Group we are seeking a

## Senior Product Manager (80-100%)

### What do we expect of you?

This role is office-based, but we offer flexible hours and opportunity to work from home occasionally. You will report to our Head of Product Management.

Become part of our Product Management Team, where your commitment to making a positive impact is truly valued. You will:

- Be the internal voice of our customers and therefore the interface between the market/GNT's Regional Sales Teams and our operational departments.
- Manage our products through the different phases of product life cycle and create portfolios which are fit-for-purpose for our customers around the world.
- Work on new product developments in cross-functional teams.
- Manage product launches and product lifecycle related projects.
- Install and maintain product know how and set up of knowledge management systems.
- Bring product related competitive intelligence into the organization.

### What can you offer us?

The ideal candidate brings the following experiences and competencies to the Team:

- Degree in food technology, life sciences or comparable studies, or in business administration with proven, high affinity towards life sciences or food and beverage industry.
- Ideally already 2-3 years of experience in Product Management or related functions.
- Self-motivated, results-driven and reliable team player.
- Hands-on project management skills, process thinking and ability to drive project success.
- Excellent communication and presentation skills, competent and empathic in stakeholder management and an intercultural mindset.
- Proficient in English, Dutch and/or German is a plus.

#### What can we offer you?

GNT wishes to retain the current harmonious working environment and therefore welcome team players with a positive outlook and promising future perspective. In return for all your hard work, you will be rewarded with a competitive package of benefits (salaried position, bonus scheme, pension contributions). Starting gross fulltime salary will be commensurate with experience and position and will be between € 4.500 – € 6.500 per month. We offer unlimited access to online training courses so that you can continue to work on your personal development. Sustainability is very important to us. That is why we – as part of our terms of employment – compensate for the carbon footprint of all our employees.

#### What do we find important?

We operate globally, yet remain an independent, family-owned business committed to investing in products, technology and importantly, our people. The people who work for GNT are flexible, friendly, supportive and passionate individuals that work collaboratively to deliver service, expertise and ultimately grow sales and market share – the result is the specific “GNT spirit” which you will find in our teams.

#### We color the world, do you?

If you believe you satisfy our desired profile and would be interested in applying for this position, please contact us in writing including your CV, as well as your cover letter, salary expectations and earliest possible start date to: [hrm@gnt-group.com](mailto:hrm@gnt-group.com).

Of course, we handle your personal data with care. All applications will be treated equally.
