

Let's color the world!

We are GNT, an ambitious and innovative family-run business with a colorful character! With our EXBERRY® brand, we are the market leader in the field of Coloring Foods. Our colorings are 100% natural and are made from fruits, vegetables and plants.

We are world champions when it comes to utilizing the bounty of nature and strive to continuously innovate and improve natural color ingredients for the consumer. By carefully preserving all of nature's beauty and goodness, we are able to offer our clients the highest quality and most reliable products. This is what continues to motivate us every day!

The most important ingredients for GNT's success are our employees and the cooperation that exists between them. We believe in teamwork, and we are there for one another, our clients, our suppliers and our partners. That is what makes us GNT.

Due to the growth of GNT we are seeking a

Product and Process Specialist - Food Science

The Product and Process Specialist is responsible for providing technical support to manufacturing, developing custom color blends, and qualifying new products. Must have a firm understanding of SF & FG features, qualification procedures, portfolio gaps & new product development process flow.

Responsible for creating production orders, qualify new ingredients & packages, address quality issues, conduct stability testing and validation of new or modified recipes. As a specialist, will be support and back-up for production manager.

The role:

- Works closely with Manufacturing, Quality, R&D, and Planning to ensure recipes (alternate recipes) and features are accurate.
- Build deep knowledge on technical attributes of different Semi-Finished materials and impact to recipes. Key expert on what ingredients can be blended, at what levels, and what must be avoided.
- Responsible for technical troubleshooting when batches are out of specification. Provide technical recommendations on how to address quality issues.
- Fully knowledgeable in BC14 (business management software) and Nav Master (Samples). Create and manage item cards, production protocols, inspection plans for new items. Create Production Orders & Plan to qualify all recipes on production line.

- Update &/or Create Standard Operating procedures for pilot scale to large scale process and external co-manufacturing.
- Works with Quality/Regulatory, Manufacturing, Applications to understand labeling, quality, food safety, technical attributes, etc. for new products.
- Research, test and introduce ideas for new products that meet customer needs.
- Works collaboratively with the other members of the Sales, Technical Development Team, Quality, Engineering, and Manufacturing as to start up new products.
- Qualify new suppliers, new ingredients, packages, farmers, co-manufacturers from a technical and quality point of view.
- Utilize food science and manufacturing experience to produce quality products in line with GNT & Industry standards.

About you, as our ideal candidate:

- 3+ years of food/beverage manufacturing experience
- 3+ years product development experience
- Bachelor's degree in food science or engineering
- Solid laboratory/analytical instrumentation background
- Dynamic and creative problem solver with solid analytical skills
- Excellent technical verbal and written communication skills
- Organizational and time management skills
- Ability to work independently and as part of a team
- Willingness to travel
- Experience in BC14/SAP/ERP software is desired
- Experience in emulsion systems is desired

What do we find important?

GNT operates globally, being an independent, family-owned business committed to investing in products, technology and importantly, our people. The GNT values are the basis of our daily activities. That's why we think it's important that we fit together. GNT employs people who are enterprising and take responsibility. Customer and service orientation is of course paramount! We always take that extra step to offer our external and internal customers the best service. In addition, we do everything we do as sustainably as possible. We are open and honest with each other and bring out the best in each other.

What do we offer you?

GNT USA offers a very competitive salary, bonus potential, comprehensive benefits, and ample opportunity for future career growth.

GROWING COLORS

We color the world, do you?
